

### EXAMINERS EXPLAIN AUTOMOBILE STATUTE REGARDING LICENSE

EXPLAIN WHO ARE REQUIRED  
TO TAKE EXAMINATION  
OF THE BOARD.

#### IN DIXON TODAY AND TUESDAY

Few Appeared To Make Application  
But Many Are Expected  
Tomorrow.

Benjamin Cochran and D. W. Leslie, members of the state chauffeurs' examining board, arrived in this city this morning and are holding an examination of applicants for chauffeurs' license in the board of supervisors' room at the court house. They will remain over tomorrow to give an opportunity to take the examination those who could not take it today. On Wednesday they expect to go to Sterling to remain a couple of days. They are making a trip over the state to see that the provisions of the automobile law are enforced respecting the licensing of chauffeurs and the securing of number plates for cars.

They spent last week at Freeport, where 103 took the examination. Not many reported for the examination today but a larger number are expected tomorrow. The examiners have been out since April and have visited most of the principal cities of the state. As a result of their visit to cities there have been over four hundred prosecutions of persons who refused to comply with the law and of this number they have secured a conviction in all but two, and one of these was at Freeport last week, but in this instance a settlement was effected. Three men were arrested who were employed as mechanics in a garage. After making repairs to cars the men took them onto the public highway to test them and the law requires that any person operating an automobile on the street for hire must hold a chauffeur's license. The owner of the garage compromised that one of the number was to take the cars out to test them and the other two were simply to do repair work in the shop.

There is confusion in the minds of owners of cars as to who are expected to take out chauffeur's licenses. The automobile law requires that every person who operates a car for hire whether the owner of the car or working for anyone else, must hold a chauffeur's license. On the present trip over the state the examiners are looking more closely to commercial cars. Every driver of an auto truck must hold a license as well as those who operate motor delivery wagons. If a parent owns a car and hires his son for a consideration to operate it and does it only for pleasure he does not come under the law. A fee of \$5 is charged for taking the examination and the issuance of the license, and \$3 a year is charged for renewal of the license. Each applicant for examination is required to furnish three letters of reference as to character; all applicants must furnish two unmounted photographs for identification purposes. Each year on renewing their license two new unmounted photographs are required. Each chauffeur is furnished with an identification card and a badge which he must have at hand at all times when driving, so that he can produce it in case he is stopped by a state inspector.

### Wealthy Orphan In Elopement; Aurora Girl Is His Bride

Young Heir To \$500,000 Broke  
Away From Military School  
To Marry Her

Aurora, Ill., Nov. 1.—Daniel Volintine, eighteen years old, an orphan boy, inherited from an aunt, Mrs. Hattie Blininger, \$500,000, left by the late Daniel Volintine, founder of the old Second National Bank of Aurora. Wednesday he broke out of the North Western Military Academy at Lake Geneva, and hurried to Chicago to meet Miss Nora Udstad, nineteen years old, of Aurora, with whom he eloped to Crown Point the same day and married.

Neither T. Otto Fisk, guardian of young Volintine, nor Mr. and Mrs. Stevert Udstad, parents of the girl, knew of the elopement until Sunday. Mrs. Udstad Volintine, the bride, refused to say whether she had been married.

### EMPLOYEE IS NOT CHAUFFEUR

Jury Holds Garage Worker Does Not  
Need State License.

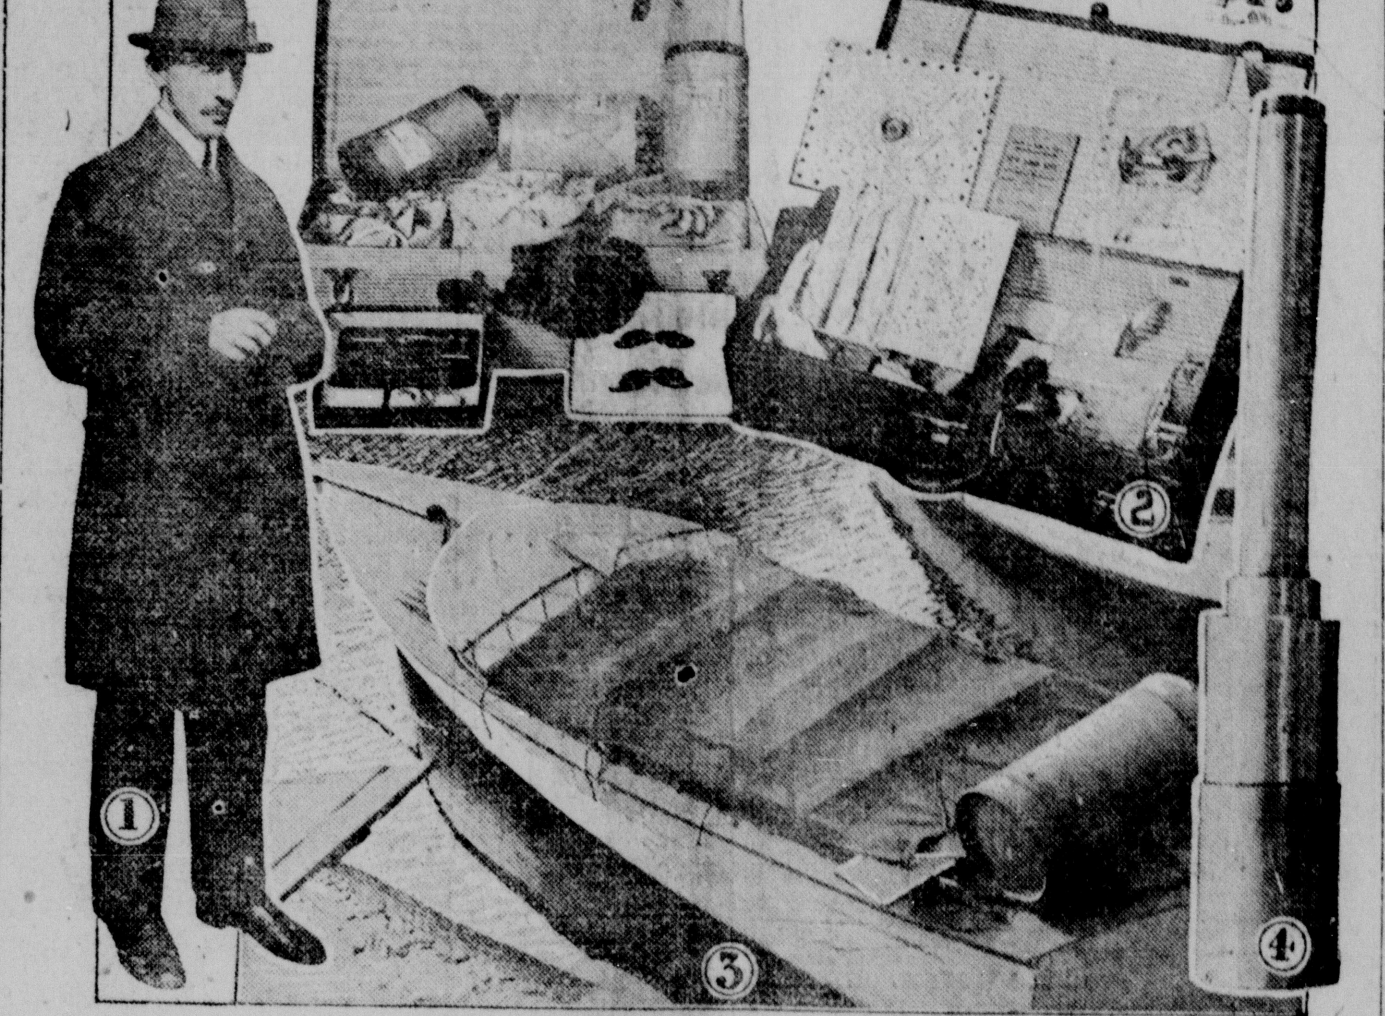

In the first test case taken to the court under the new automobile law requiring mechanics to hold a license the same as a driver, tried before a jury in a justice court in Freeport on last Friday, the jury held that an employee in a garage does not come under the provisions of the law regarding the licenses of chauffeurs. Much interest was taken in the case as it was the first time that that phase of the law had been contested.

Sveden & Sons, a decorating firm of Elgin, have leased the rooms in the Morrison-Shaw buildings now occupied by the Wilson Auto Co., and will move to this city about Nov. 10, at which time the auto company expects to move to their new garage on Ottawa Ave.

### DYNAMITE AND DISGUISES PLAY PARTS IN NEW YORK BOMB CONSPIRACY CASE.

More arrests were expected in New York in the alleged conspiracy of German agents to blow up munition ships sailing from New York and other ports. One of the prisoners taken was Dr. Herbert Kienle, inventor and engineer, who was charged with having given money to a German who has been acting as a stool pigeon for the federal secret service. The money, it is alleged, was to be used in the purchase of explosives to aid in the supposed plot for which Lieutenant Robert Fay, said to be a German reserve officer—though his name does not appear on the German army lists—and Walter E. Scholz were arrested in Grantwood, N. J. Another prisoner was Paul Daeche, a young German living in Jersey City, who is alleged to have bought some of the large quantity of explosives found in the possession of Fay and Scholz. In addition to these men, a warrant was issued for the arrest of Max Breitung, secretary and treasurer of the Oil Well Supply company, who is said to have supplied a large part of a fund of \$30,000 which, according to high secret man secret service agents in Brussels, but it is said that much more than that came from German American sympathizers. In the pictures No. 1 is Fay after his arrest; 2, seized suit cases with dynamite, false mustaches, wig, etc.; 3, the fast motorboat owned by Fay; 4, a bomb found by Fay's effects.

W. B. McMahan, Ira W. Lewis, A. K.  
Trusdell and C. H. Wooster  
Were Eulogized.

The memorial exercises held under the auspices of the Lee County Bar association Saturday afternoon in the circuit court room to commemorate the lives of A. K. Trusdell, C. H. Wooster, Ira W. Lewis and Wm. B. McMahan, the former two during life being prominent members of the Lee county bar and the latter two as the clerks of the circuit court, were largely attended.

The exercises opened at 2:30 and lasted about two hours. Seated on the bench were the three judges of the Fifteenth Judicial district, James S. Baume of Galena, Oscar E. Heard of Freeport and Richard E. Farrand of Dixon, while grouped about the bar enclosure were the members of the Lee county bar and a few outside attorneys. Judge Farrand presided and the program opened with a vocal selection by Mrs. Allie Reed.

Attorney Clyde Smith delivered an eulogy on the life of the late A. K. Trusdell, with whom he was associated in the practice of law for a number of years. Attorney C. B. Morrison then spoke on Charles Wooster of Amboy, having been a classmate of

### EQUIPMENT FOR NEW INFIRMARY IS BOUGHT

COMMITTEE MET AND RECEIVED  
BIDS ON MATERIAL FOR  
HOME

The County Home committee of the board of supervisors met in this city today at the court house with Architect M. H. Vail, for the purpose of receiving bids for furnishings for the home. Bids had been asked for steel lockers, equipment for the drying and washing room, light fixtures and such other furnishings as are necessary. The work on the building is progressing nicely, and it is all now about plastered and the finishing coat is all on the upper floor. The heating plant has been installed and unless unforeseen hindrances arise the building will be ready for occupancy sometime next month.

### M'ADOO LISTENED TO MANUFACTURERS' PLEA

ILLINOIS ASSN. ASKS MODIFICATION  
OF ORDER CONCERNING  
EXPORTS.

### SPENT BUSY DAY IN CHICAGO

(Associated Press)

Chicago, Nov. 1.—Wm. G. McAdoo, secretary of the treasury, conferred today with Illinois manufacturers regarding the provisions of the recent treasury order with reference to exports. The secretary, who arrived here last night from Minneapolis had arranged for the conference some days ago and greeted the manufacturers at his hotel apartments.

Samuel W. Hastings, president of the Illinois Manufacturers' association, and its traffic committee, called attention to the clause of the treasury order which provides for the issuance of several documents of considerable length with each order of goods meant for export.

The members of the traffic committee and exporters assert that the new order entails a great amount of labor and unnecessary loss of time. An effort was made to induce Secretary McAdoo to modify the order by removing some of the restrictions.

Later the secretary with officers of the Chicago commission inspected several sites for the new postoffice building in Chicago. The ideas of the Chicago Plan commission and of others interested in the location of the new postoffice was listened to by the secretary at a hearing in the federal building.

The day's program included a luncheon at which Mr. McAdoo was to be the guest of the officers of the Illinois Manufacturers' association, and a reception and dinner in the evening at which the secretary was to address the members of the Illinois Manufacturers' association. The secretary planned to leave for the east Tuesday.

F. L. Harrington is taking a week's lay-off from his duties as switchman in the local yards of the Northwestern road.

### "LARRY" M'DONALD HURT SUNDAY EVE

VENERABLE CITIZEN FELL DOWN  
EMBANKMENT ALONG I.  
C. TRACKS.

Lawrence McDonald sustained injuries in a fall down the embankment along the Illinois Central tracks Sunday evening that will incapacitate him for several days. He was walking along the pathway leading from the Northwestern tracks south along the embankment leading to Broadway street. It was rather dark and his eye sight has not been as keen as it was in his young days and he made a mis-step and rolled down the thirty-foot embankment to the Illinois Central tracks, fracturing his left forearm and sustaining numerous cuts about the face and bruises on the body. He was taken to the hospital where his injuries were attended to.

### Indemnity For All Americans Lost On Arabic Considered

Negotiations Between Germany

(Associated Press)

Washington, Nov. 1.—Negotiations between Germany and the United States regarding the sinking of the Lusitania, and other questions which are pending between the two nations, will be resumed at Washington tomorrow when German Ambassador von Bernstorff will call upon Secretary of State Lansing.

The question of indemnity for all Americans lost in the sinking of the Arabic, which is still unsettled, will probably be taken up, also.

### CENTRAL ILLINOIS FOR COL. LOWDEN

EX-SENATOR PUTNAM OF PEORIA  
GOSSIPING ON POLITICAL  
SITUATION.

### SAYS LOWDEN HAS LONG LEAD

Rockford Register Gazette: Hon. James Putnam of Peoria county spent the day in Rockford on business. Mr. Putnam was for quite a number of years state senator from the Peoria district, one of the active leaders in the senate and is one of the very best known republicans in central Illinois.

Discussing next year's campaign, Senator Putnam stated that so far as he could see or hear Col. Frank O. Lowden has a long lead over his opponents for the gubernatorial nomination in his section of the state.

Mayor Woodruff of Peoria has been mentioned as a possible candidate but Senator Putnam is inclined to the belief that not even a local candidate, should there be one, could stop Col. Lowden from carrying Peoria and other counties in that part of the state.

"Most of the republicans that I have talked with are for Col. Lowden and with the sentiment which seems to exist in all other parts of the state for him, I can't see how anything can prevent him from sweeping the primaries next year," said the senator.

### BAR ASSN. ELECTED OFFICERS

### CAPPAS, MURDERER OF SECTION BOSS, IS ARRESTED IN WEST

MAN WHO KILLED PETER MURRAY AT HAHNMAN SAID  
TO BE CAUGHT.

### AT KANSAS CITY, MISSOURI

Assaulted Section Foreman With a  
Crowbar On December  
3rd, 1913.

Railroad officials have received word from Kansas City, Mo., to the effect that it is believed that Frank Cappas, the Italian section hand who murdered Section Foreman Peter Murray at Hahnman on the Peoria branch of the Northwestern line Dec. 3, 1913, has been apprehended in Kansas City, or some small town near there.

It is understood here that the information was received by the detective department of the railroad company and that officers with a complete description of the murderer and armed with warrants which were issued at the time of the murder are on the way to Kansas City to attempt identification of the man held there.

It will be remembered that Murray was assaulted by section men when he had ordered Cappas and a companion to do some work, which they refused to do. The three were some distance from the rest of the gang when Cappas is alleged to have struck Murray over the head with a crowbar, while his companion held the victim from behind.

The two men made their getaway, and although Whiteside, Bureau and Lee county officials aided in every possible way in the search no trace of them was ever obtained. However, it has been known that railroad detectives have been constantly on the case and it is hoped that their efforts have been successful in the apprehension of the man at Kansas City.

### STERLINGITES COULD NOT RAISE THE PRICE

CONSEQUENTLY REDPATH LYCEUM PEOPLE CANCELLED  
BIG COURSE.

Sterling, Nov. 1.—The Redpath Lyceum bureau Saturday made the following announcement cancelling the course arranged for by high school seniors, because a sufficient number of tickets were not sold to insure the success of the course:

"Early this year a conditional agreement was entered into between the Redpath Lyceum bureau and Sterling high school senior class relative to putting on a ten number course this winter. The class was to sell, if possible, a specified number of tickets at a certain price. The list of attractions was selected on the basis of the sale of tickets, leaving only a small margin of profit. The students carried on a consistent campaign to fulfill their part of the agreement, yet it was found impossible to sell more than one-half the required number of tickets for this big course. We were willing to stand a reasonable loss, but the prospect is not sufficiently good to warrant a continuance of the effort. It is therefore with great reluctance, and after consultation with the class and Mr. Austin, the principal, that we announce for the class cancellation of the course."

### NEW TIME CARD ON C.&N.W. RY.

Change In Local Time of But One  
Train Is Noted.

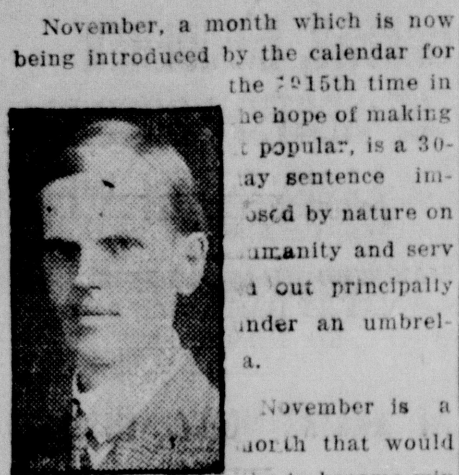

A new time card went into effect Sunday on the Northwestern road but the time of the trains arriving in this city was not changed with the exception of train No. 4, eastbound, which will henceforth arrive one minute earlier, at 4:20 p. m. instead of at 4:21 p. m. Train No. 11, which has been known as the Denver Special and run through to Denver, will be known as the Omaha Special and will only run as far west as Omaha. Several of the summer trains on the Lake Geneva and Crystal Lake branch have been taken off. It is the opinion of railroad men that the present card is only temporary and that another card will be put on about the first of the year.

NOVEMBER 1 1915

November, a month which is now being introduced by the calendar for the 2215th time in the hope of making it popular, is a 30-day sentence imposed by nature on humanity and served out principally under an umbrella.

November is a month that would like to become winter, but which hasn't quite got the nerve. It is usually composed of ten rainy days, ten cloudy days and ten snowy days or freezing days with a pinch of sunshine between the various divisions. It is useful because it makes December seem pleasant in comparison.

## BILLY SUNDAY AT SYRACUSE

Evangelist Makes Three Assaults on Stronghold of Devil.

Syracuse, Nov. 1.—Billy Sunday took thirty thousand prisoners into the camp of the Lord at his first three assaults on the devil here in the tabernacle.

Full of his famous dynamic energy after a week spent in resting at Winona Lake, Indiana, Billy pranced about the rostrum till it creaked when he challenged deacons and trustees of the churches to "clean their hands or get out of the church."

Miss Nettie Clayton visited at the home of her parents in Amoby over Sunday.

## LEE NOTES

Lee, Oct. 30.—Mrs. Ed Iverson is spending a few days in Aurora.

Mrs. Herbert Beels was a Rochelle shopper on Tuesday.

G. M. Youngren and Bert Canfield motored to DeKalb Thursday.

Miss Ida Knudsen is home from a visit with relatives in Ottawa.

F. H. Howe went to Sycamore on Monday to serve on the grand jury.

Archie Bowker of Dixon was an over Sunday visitor at the J. E. McInerney home.

Robert Nowe motored to Rockford Sunday returning with Mrs. Nowe and sons.

Rev. J. J. Hitchens went to Sycamore Monday to obtain his first naturalization papers.

G. Gunderson has taken the contract to construct a large barn on the Fisher farm near Scarborough.

Mr. ad Mrs. Theodore Johnson and daughter of Capron motored to Lee for a few days' visit at the Elde home.

Dr. O. L. Hedberg attended an anti-tuberculosis meeting of the Ogle county doctors at Mt. Morris Wednesday.

John Beels and wife of St. Paul, Minn., arrived Monday morning for a visit with the former's parents, George Beels Sr., and wife.

Henry Johnson and family motored here in their new Winton car to visit relatives Friday.

C. H. Nelson returned on Monday from his farm in Canada, where he spent several weeks. He reports the crops as being good.

## ARE NOW HUNTING DEER

John Scott, chauffeur for Dr. E. A. Sickels, arrived home last evening from Lac du Flambeau, Wis. with the doctor's automobile. They have been at Flambeau for the past two weeks fishing and the doctor and W. A. Schuler left there on Saturday for Hayward to spend three weeks hunting deer. They will be joined there by other Dixon hunters this week.

November was invented by the Romans who did so many terrible things in the early Christian era. It was so named because it was the ninth month at that time. The growth of business has compelled the addition of two more months since then, both of them being of much better quality.

In November automobiling, croquet and lawn socials begin their long winter's sleep, but football is very popular because it is easier to keep warm in a football game than it is in a house where the furnace is being repaired. Football in November is a game to decide whether the player will dent the ground or the ground will dent the player. The ground usually wins. Corn husking and riding to the polls in an opposition carriage are also two popular outdoor sports during this month.

There are three great uses for the month of November. It kills malaria, flies and political campaigns. None of these are able to survive the climate of this month. If it were not for November political campaigns might go on right up to Christmas and entail vast suffering among the rich. Most of our public officials are elected in November, but we cannot justly blame the month for this.

November was first put prominently on the map by the Pilgrim fathers. About 1630, when they discovered that there were only a few days of the month left, they instituted a Thanksgiving festival, which has been observed ever since with increased gratitude and devotion as each November has worn away.

This photograph of C. K. G. Billings on his great trotter Uhlán is the best and most recent picture of the famous animal, perhaps the greatest horse in the world. For some time Mr. Billings has been riding his wonderful horse, and he has proved as fine under saddle as he does in harness.

Uhlán is a black gelding 11 years old, by Blondella-Bingen. He made a one mile track record of 1:58 Oct. 8, 1912. His one mile record with a wagon is 2:00. He made a mile on a half mile track in 2:02½ and he made a mile to pole in 2:03¼. He was purchased in 1909 by Mr. Billings for \$25,000.

## NEW YORKERS FLAT FOOTED SAYS EVANS

RECRUITING OFFICER OF MARINE CORPS SAYS THEY HAVE "PES PLANUS."

New York, Nov. 1.—Little old Manhattan is flat-footed, wears poor shoes and stands up to its work, according to figures compiled by Captain Frank E. Evans of the local recruiting office of the U. S. Marine corps.

Captain Evans is authority for the statement that approximately 18 per cent of all applicants who applied for enlistment in the Marine corps at its 23rd Street office during the past year, were rejected for "pes planus" or flat-foot. He puts the blame on the cheaply constructed and poorly made shoes the average toiler wears at his work for the epidemic of falling arch, and on the fact that the majority of the victims claimed they were forced to stand on their feet for very long stretches while at their employment.

Motormen, conductors, policemen, subway guards, machinists, waiters and clerks are the principal sufferers from "pes planus" Captain Evans declared.

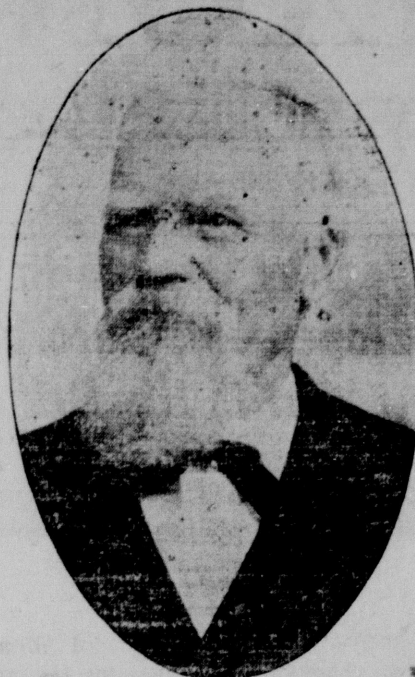

C. Schnell of Clinton, Ia., is here this morning to look after business matters.

## LASALLE BURIED DIXON, 56 TO 0

Superior Weight and Speed Gave An Easy Victory Saturday.

The Dixon union high school football team went up against superior weight and speed at LaSalle Saturday and met the inevitable defeat. The score was 56 to 0, and LaSalle-Peru made all of its touchdowns in the first half, the Dixon bunch showing wonderful gameness in the second half.

## DEMENTTOWN DOINGS

Yesterday was an ideal day. Had it been about ten degrees warmer summer furs would have been the proper thing. The only real objection to these cool days is it is not permissible to wear summer furs. The temperature must be at least 70 before a girl looks uncomfortably enough in those near-furs to be considered de-rigger—whatever that is.

Having finally found your back gate and replaced it, put the board walks back in place, washed the soap and tallow off the windows, got the old wagon off the barn roof, and a few other things, which we can't think of now, what is your honest opinion of Hallowe'en?

Oh no, indeed, we had no intention of printing it The boss wouldn't stand for the paper being barred from the mails.

### Hallowe'en Social

More than one hundred young people of the Eldena church gathered at the home of the Misses Weish south of Eldena Friday evening and enjoyed the evening in Hallowe'en games and amusements. The decorations were in accordance with the season, with black cats, witches, and jack-o-lanterns much in evidence. The guests were welcomed in darkened room by ghosts who conducted them into the regions of brighter light. One of the features of the evening was the selling of ghosts in the choosing of partners for supper and this netted the Eldena K. L. C. E., which was giving the entertainment the sum of \$23.20. Bountiful chicken supper was served in the course of the evening.

### Entertained

## 10 CENT "CASCARETS" BEST LAXATIVE FOR LIVER AND BOWELS

Don't stay constipated, headachy, bilious, with breath bad or stomach sour

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from a cold, constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, bad cold, offensive breath and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.

### JOHN DOE, NO. 104, NOW HEIR TO GOULD MILLIONS

John Doe No. 104, abandoned child, aged four, whose parents it is believed, live in Philadelphia, has become an heir to millions, because Mrs. Finley J. Shepard, who was Miss Helen Gould, worth perhaps \$10,000,000 from the fortune left by her famous father, has adopted him. The Shepards have no children. John Doe was found on the back steps of St. Patrick's Cathedral in New York by a policeman about a year ago. He gave his name as far as he could be understood as Austin McLeary. He talked about Broad street and mumbled of a ride on a train, a "big boat" and a railroad in the air. So it was thought he had been taken from Philadelphia. However, no trace of his parents was found there. He was sent to St. Christopher's home at Dobbs Ferry, near the home of the Shepards, and Mrs. Shepard adopted him. Now he is Finley J. Shepard Jr. He has found not only a father and mother, but a fortune and social position.

### School Party

Miss Abbie Brimblecom and her pupils of the Center school gave a delightful Hallowe'en party Friday afternoon at the school. The school room was gaily decorated in the Hallowe'en colors, orange and black, and cornstalks and pumpkins formed the playground for numerous witches, black cats, and owls. At a fireplace, constructed by the children, was stationed a witch, while in either doorway stood a ghost and a figure impersonating a pumpkin. The following program was rendered:

Speech—The Welcome of the Ghosts  
Chorus—Old Mother Goose, Little Recitations—A Jack O'Lantern, Newton, Jack Frost—Mildred Wragg  
Exercise—The Witch's Fortune  
Quartet—The Goblin Man  
Recitation—Naughty Claude Earl Baker  
Recitation, Hallowe'en—Ethel Long  
Exercise—The Four Jack O'Lanterns  
Recitation, Dolly's Lesson—Ida Withers  
Recitation, The Kitchen—Oscar Wragg  
Solo, Apples for a Penny—Ida Withers  
Play—Unexpected Guests  
Chorus—Little Wee Wees

The program closed, a Hallowe'en luncheon prepared by the teacher was served by Misses Dorothy Long and Lillie Myers.

## BAD COLD' HEADACHY AND NOSE STUFFED

"Pape's Cold Compound" ends colds and grippe in a few hours.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

## AMERICANS ALSO ARE EFFICIENT.

So much has been written and said in the last year about the efficiency of the German chemists and of the Teuton mechanical genius that our own resourcefulness has been almost overlooked. American ingenuity and scientific enterprise were brought forcefully to the attention of the world a few days ago when the success of the wireless telephone was demonstrated. Our men of science talked across more than 4,000 miles of space and marked the beginning of a new era in communication facilities.

A few years ago the Wright brothers demonstrated to the world how it is possible to navigate the atmosphere in a heavier than air machine. The belligerents in Europe have hundreds of aeroplanes to every one that could be found in this country. But the first aeroplane was made here and they are indebted to us for the fact that they have aerial corps. One of the first successful types of submarines was turned out in this country also. And now it is announced that our chemists have evolved a method of making gunpowder which places us in a very superior position.

It is reported that our powder makers have a secret process by which smokeless powder can be converted from raw material into the finished product, ready for use, in three weeks. Until recently it has been necessary to let smokeless powder "season" at least three months before it could be used. We are able to "season" in in sixty hours. The process is carefully guarded and will be kept a secret for the use of our government and the contractor from whom we are buying our explosives. The process might mean the difference between victory and defeat for us and is important also as indicating what we can do when we try.—Indianapolis Star.

## CHECK ON THE UNDESIRABLE.

American repugnance to the idea of restricting immigration finds its root in the tradition that America is a harbor of distress. Hospitality was necessary in pioneer days, and we made a virtue of it. America's present strength lies in the sons and grandsons of immigrants, and however undesirable newcomers may appear to be, they will always find champions who will argue on the basis of the past.

Plans for restriction have been defeated because they were inhospitable, because they violated this tradition. The solution is to make America undesirable to those we do not want. Restriction by numbers will not accomplish this, nor the literacy test. We need a filter for character rather than one for education. The inauguration of universal military education would accomplish this in large degree. It would act as an automatic intake valve.

Foreigners unwilling to give proof of faith in the new country simply would not come here. We would not have to reject them; they would reject themselves.

Certainly Americans are not so sentimental about our hospitality that they will insist upon encouraging the wholly selfish immigrant. — Chicago Tribune.

## SHALL WE TOE IN OR TOE OUT?

Like the child's toy house built with blocks, the foot stands when balance is maintained and becomes weak and wobbly when a single block is moved sufficiently to disturb its balance. In correct position, the foot carries the weight of the body with a wide margin of strength to spare. Change the posture and the demand upon this reserve strength becomes often too great to be permanently borne. The foot is then under a strain, it tires, becomes painful and finally, by yielding of the ligaments, the shape of the foot is altered, its efficiency is impaired and our whole physical being feels the loss of a stable foundation. Body posture directly feels the maintenance of foot comfort, and foot posture has a direct bearing upon correct attitude of the body. The old method of toeing out, as taught to the recruits of the army in civil war times, was really a position of weakness. To utilize its power to best advantage, the walking position of the foot should be with little or no outward pointing of the toes. In standing slight turning out of the toes is permissible. To add to foot comfort, shoes should not cramp the ball of the foot and the heels should be low and broad, to give stability without calling upon the muscles to maintain balance. Mechanically the foot is a wonderful creation, but like all other delicate mechanisms it must be kept in good condition and used intelligently or its efficiency disappears.

## TAKE TARIFF OUT OF POLITICS.

With every change of the national administration which involves a change of party rule there is a revision of the tariff, and each change is followed by an active campaign against the new tariff law with the announced purpose of the opposition party to make another change as soon as it has succeeded to power. Perhaps if the tariff could be taken out of politics altogether and committed to the care and consideration of a tariff commission, made up of varied business and industrial interests and citizens of high standing who have no "interests" that require, or are assumed to require, special tariff protection, with power to make revisions and corrections as changing conditions and circumstances might render advisable, the country might escape the almost constant agitation of the tariff hobby. It really seems that the tariff is a business matter that should be the concern of business men, rather than the football of politicians—it should have the attention of high-minded men who could not be swayed by the theoretical tomfoolery of the "free traders" any more than by the big "influence" fund of the big "interests."—San Antonio Express.

## CANDY INSTEAD OF LIQUOR.

Candy is supplanting liquor as an article of refreshment in dry states, according to Leonard Schlitz, nephew of Joseph Schlitz, founder of the Schlitz Brewing company.

Mr. Schlitz until recently was a traveling representative of the brewing company, and found that there is a big demand for candy, and as a result he was instrumental in the organization of the new corporation which will manufacture candy in Milwaukee.

"You can quote Mr. Schlitz as saying that the use of candy in dry states has increased almost proportionately to the decrease in the use of liquor and that he sees an opportunity for a good business in the manufacture of these products," said Alderman Wehe.—Philadelphia North American.

## U. S. SOLDIERS DIG TRENCHES.

Prepare For Emergencies in Case Mexicans Engage Yankees.

(Associated Press)

Douglas, Ariz., Nov. 1 — Villa's forces were moved during the night of Oct. 30 to Agua Prieta for the expected attack on the Carranza garrison commanded by Gen. Calles. U. S. soldiers are digging trenches for emergencies in event fighting along the border endangers Americans.

Villa's main army of 10,000 clashed with the Carranza outposts, three miles from Agua Prieta at 10 o'clock this morning.

At noon Villa's forces had completely surrounded Agua Prieta and Villa and four of his men came to the American line and got bearings so his men will not fire across the line. When he was asked by an American army officer if he intended to take Agua Prieta today Villa replied, "Sure, Mike."

## THIEF OF TIRES IS FREQUENT

Wm. Ware Latest Victim—Should Be Locked On Cars.

Saturday night Wm. Ware left his automobile standing in the alley at the rear of his harness and implement store on First street and someone stole the extra tire and rim he carried on the rear of the car. This is the third theft of tires in this city from cars that have been left standing on side streets and alleys inside of two weeks. It is believed to be the work of an organized band and it would be well for owners of cars to have the extra tires they carry fastened to the cars with a lock.

Miss Sue Steel was out from Chicago for an over Sunday visit with her sister, Mrs. Bokhof and Miss Grace Steel.

Mr. and Mrs. John Donahue and sons of Chicago visited Sunday with Mrs. Donahue's mother, Mrs. Michael Jordan.

## HARMON MANDAMUS SUIT IS ON TODAY

ARGUMENTS BEING MADE IN UNION DRAINAGE DITCH CONTROVERSY.

In the circuit court this afternoon a hearing was held on the writ of mandamus asked in the name of the people at relation of Wilbur Gatchel, Michael Perdue, Evan Watkins and Peter Fitzsimmons vs. Dennis Conditine, James Frank and George Smith, commissioners of Union drainage district No. 1 of Harmon and Marion. The writ is asked by the plaintiffs, land owners in the district, to compel the commissioners to dredge certain laterals so that water may be carried away during the wet season with out backing up on land adjoining the ditch. They allege that willows and sand have been allowed to accumulate in the channel of the ditch retarding the flow of water. Myra on the charge of larceny, was called this afternoon before Justice A. H. Hanneken and the suit dismissed, there being nothing to implicate the young men with the theft of the money Harms contended was missing.

PRINCESS THEATRE.

Tonight the Princess theatre has on its bill a three-reel Thanhouser feature entitled "The Long Arm of the Secret Service," with Morgan Jones and Kathryn in the leading roles, a thrilling drama in three gripping parts, depicting the secret service at work. The story is one in which two clever crooks are brought to bay by the cleverness of a young man and girl. A beautiful love story is interwoven throughout the play. The last reel is a Mutual comedy entitled "Just Like His Wife," with plenty of fun and excitement.

FAMILY THEATRE.

The Players Film Company's sympathetic and realistic photo-adaptation of David Belasco's great American drama "May Blossom" which will be shown at the Family theatre tonight on the Paramount program will undoubtedly revive the interest so universally created by the original stage production of this famous play. Its tender romance, its frank presentation of problems familiar in our domestic life, and its thrilling military aspects of the great national struggle of a half century ago, combine to make this subject one of the most typical and appealing American plays ever produced. In the photoplay the pictorial and scenic possibilities of the big drama are remarkably enhanced, and the interest of the stirring plot is greatly strengthened by the more elaborate presentation made possible on the screen.

"May Blossom" impressed the nation with its power and charm. The photoplay will make this great Belasco success completely unforgettable. The love of two men for a Southern girl, the unexpected circumstances that take away her favored suitor, who is suspected of being a spy, the peridy of him who remains, who marries her through a lie, and his subsequent redemption from the fabric of the tense romance.

Vaudeville for tonight will be the return of the famous London Trio in selections from operas, the Troy Comedy Four, male quartet, and two other big acts.

## CHINA REJECTS ALL PROPOSALS

Plea For Postponement of Re-Establishment of Monarchy Refused.

(Associated Press)

Peking, Nov. 1.—The proposals of Japan, Great Britain and Russia that decision on whether a monarchy shall be re-established in China be postponed have been rejected by the Chinese government, which has announced that the decision is wholly in the hands of the people. The government has been advised by the provincial officials that they can maintain tranquility in the event the monarchy is re-established.

## RAILROADS FIGURE EXPENSE REDUCTION

MANY SCHEMES PROPOSED TO CUT LITTLE EXPENSES OF BIG LINES

In an effort to cut operating expenses, leading railroads of the country are likely to adopt the following plans:

Charge of a dime for checking baggage. Excess baggage, storage, and insurance charges are not sufficient, it is declared.

Elaborate folders, containing railroad maps and complete schedules now adorning principal hotel lobbies to be banished. They cost money and are not returning anything on the investment.

Union ticket exchanges in the large cities to replace the expensive establishments maintained by the various roads separately.

In place of the elaborate folders, it is planned to have printed simple, cheap cards, whereby the travelers can learn without the aid of an interpreter or ticket agent how he can go from the place he is stopping to any other place.

Passenger officials of leading roads will meet at French Lick Springs, Ind., Tuesday and Wednesday to take up the proposed changes.

## CAN SECURE LONG VACATIONS

Postal Employees Notified Of Change In Regulations

Postmaster Hogan recently received a bulletin advising him that several changes had been made in the laws regarding vacations of postal employees. In addition to the 15 days granted with pay each year to mail service employees, it is possible to secure thirty days more without pay. This vacation can be granted upon the discretion of the postmaster.

This law includes postoffice clerks, rural and city mail carriers. Should a clerk, rural or city mail carrier acquire sickness or disability while carrying out his work a vacation of 150 days without pay will be granted upon a written request to the First Assistant Postmaster General.

## MRS. WOOD DIED IN CHICAGO

## POISON GAS NEARLY GETS MRS. BOLLING

President's Fiancee's Mother Narrowly Escapes Death.

Washington, Nov. 1.—Mrs. W. Bolling, mother of President Wilson's fiancée, with her son, Wm. H. Bolling, and his wife narrowly escaped death from hydrocyanic gas poisoning here in their rooms in the Cordova apartment house.

Miss Louise Roberts, twenty-three years old, living in an apartment directly under that occupied by Mrs. Norman Galt's mother and other relatives, was killed by the gas, which escaped from a basement room where it was being used as an insecticide. The gas penetrated to the halls of the building and filtered into the room occupied by Miss Roberts, causing her death. The Bollings and other families in the apartment house, were aroused by the fumes and upon making an investigation found Miss Roberts had succumbed. Through the discovery of the fumes at an early hour the members of the Bolling family suffered no harm than nausea, and counted themselves exceedingly fortunate that they had escaped.

## SHIPS TO COMPLY WITH LAW

Seamen's Act Operative Thursday; War Makes Situation Easier.

New York, Nov. 1.—The seamen's law becomes operative in regard to American owned vessels next Thursday and steamship lines plying out of New York have been busily preparing for it until now they are practically ready.

As far as can be learned all the steamship companies plan to comply with the law, at least so long as they are able to. The enormous demand for American bottoms and the brisk business in freight which American registered vessels have been doing since shortly after the beginning of the war offer a ray of hope to the steamship men. Conditions are much better than normal, and because of this the burdens of the new bill are more lightly felt than they would be in usual times.

## SAZANOFF OUT OF CABINET

M. Goremykin Will Become Chancellor in Russ Government.

London, Nov. 1.—Following the resignation of the Theophile Delcasse, French foreign minister, it is announced by the Boersse Gazette of Petrograd that Sergius Sazanoff, the Russian minister of foreign affairs, has surrendered his office. Emperor Nicholas, it is said, has accepted his resignation and it is understood in the Russian capital that Premier Jean Goremykin soon will be appointed chancellor of the empire with supreme control of foreign affairs.

M. Goremykin's coadjutor will be M. N. N. Shebekov, formerly Russian ambassador at Vienna, the Boersse Gazette adds. Alexei Khvorostoff, minister of justice, will become premier, the newspaper says.

Predicts Great Car Shortage.

Alpena, Mich., Nov. 1.—That the coming winter will see the greatest car shortage in the history of the Detroit and Mackinac railway was the prediction of James D. Hawkes, vice president and general manager of the road, at the annual stockholders meeting here.

Killed Crossing Tracks.

Berlin, Wis., Nov. 1.—George Berry of Redgranite in crossing the Chicago and North Western road tracks in an auto was struck by a freight train and killed.

No. 173, Series of 1915. NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Illinois, and endorsed, Proposals for the furnishing of the labor and materials for the construction of vitrified tile pipe sewer, for sanitary purposes, with manholes, house connection laterals and flushing tank in Ottawa Avenue in the City of Dixon, Lee County, Illinois, as provided for in Local Improvement Ordinance Number 173, Series of 1915, of said City of Dixon will be received by the Board of Local Improvements and the Council of the City of Dixon, Lee County, Illinois, at the City Clerk's Office in the City of Dixon, until ten o'clock in the forenoon, on Tuesday, the 9th day of November, A. D. 1915, and will be publicly opened by the Mayor of said City of Dixon, (who is the President of the Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon at ten o'clock in the forenoon of said day.

Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's office and be open to public inspection for at least forty-eight hours, before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours, as stated above, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which the said tenders are invited is the construction of 825.5 cubic yards of excavation; 333 cubic yards of probable rock excavation, extra; 960 linear feet of 8" sewer pipe laid; 576 linear feet of 6" house connection pipe, laid; 2 manholes, 3' inside, with cast iron covers and iron steps; complete; 1 flushing tank with cast iron top, flushing siphon, feed pipe with automatic cock and iron steps inside and outside lamphole as provided for in Local Improvement Ordinance No. 173, Series of 1915 of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by certified check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of Three Thousand Dollars will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the said Board of Local Improvements and Council of the City of Dixon.

All proposals must be made on blanks, which will be furnished bidders at said City Clerk's Office.

Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and Council of the City of Dixon, bonds to draw interest at five per centum. No bids will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work. Specifications for said work are on file in the Mayor's office, and may also be seen at the Office of the City Clerk in the City of Dixon, from and after this date.

The person to whom the contract for the construction of said improvement is awarded, shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies to provide against and pay all claims for injury

to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work.

The Council and Board of Local Improvements reserve the right to reject any and all bids. Dated at Dixon, Illinois, this 27th day of October, A. D. 1915. Signed, THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON.

By MARK C. KELLER, Their Attorney.

253 10 SPECIAL ASSESSMENT NOTICE.

Notice is hereby given to all persons interested that the City of Dixon, did, by Local Improvement Ordinance Number 166, Series of 1914, passed by the Council of said City, on the 4th day of May, A. D. 1914, and approved by the Mayor of said City on the 4th day of May, A. D. 1914, order that cement concrete curbing and vitrified brick or block pavement with asphalt filler, be constructed on North Crawford Avenue in the City of Dixon, Illinois, and that said pavement was constructed in accordance with law and the provisions of said ordinance, and that said ordinance is now on file in the office of the City Clerk of said City of Dixon.

That the Board of Local Improvements of the said City of Dixon, in the County of Lee and State of Illinois, at a regular meeting of said Board, held on the 21st day of September, A. D. 1915, passed a resolution providing in substance that a supplemental assessment be levied to pay the estimated deficiency of said Local Improvement Ordinance Number 166, Series of 1914, for the improvement therein described.

That pursuant to said resolution, the Council of the City of Dixon, on the 21st day of September, A. D. 1915, passed an ordinance providing for the levy of a supplemental assessment to pay a deficit arising from the construction of vitrified brick or block pavement and cement concrete curbing on North Crawford Avenue from the north line of East Fellows Street to the north line of Section 32, Township 22, Range 9, in the City of Dixon, Illinois, as provided in said Local Improvement Ordinance, Number 166, Series of 1914, of the City of Dixon, Illinois, which said ordinance, providing for said deficit, was duly approved by the Mayor of the City of Dixon on the 21st day of September, A. D. 1915, a copy of which ordinance is now on file in the office of the City Clerk of the said City of Dixon.

That application has been made to the County Court of Lee County, Illinois, for an assessment to pay said deficit, according to benefits as provided by law and said ordinance; that an assessment thereof has been made and returned to said Court and that the final hearing thereon will be had before said Court in the County Court Room in the Court House in the City of Dixon, Illinois, at nine o'clock in the forenoon, on Monday, the fifteenth day of November, A. D. 1915, or as soon thereafter as the business of said court will permit.

All persons desiring may file objections to said assessment in said Court before said time and may appear at said hearing and make defense.

The total deficit in the original assessment under said Local Improvement Ordinance, Number 166, Series of 1914 is \$2812.34; total amount assessed against the property benefited by said improvement is \$1479.75 and the total amount assessed against the City of Dixon is \$1332.59.

Said assessment is payable in nine (9), annual installments bearing interest at the rate of five (5) per cent per annum, according to law, until paid.

Dated at Dixon, Illinois, this 26th day of October, A. D. 1915.

A. H. HANNEKEN, Commissioner.

252 5 DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Grandma's recipe of Sage Tea and Sulphur darkens so naturally that nobody can tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota. "I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. JANSSEN, Box 8, Allyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (consultant) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

SOME GERMAN NEUTRALITY.

These cannon were made by the Krupp works for the Japanese some years ago, and they have now reached Germany again after a circuitous route. But they didn't get back until they had been turned on Germans and perhaps killed many of them. The

Krupps sold the guns to the Japanese, just as Americans are now selling guns to the allies. When the Japanese entered the war and found Russia short of ammunition and weapons an arrangement was made to ship them over the Trans-Siberian railway for

use by the Russian army. They were employed in the battles about Warsaw, and were captured by the Germans. They still bore the Japanese marks, which may be seen on the gun carriages. The translation is "twelve shots," probably referring to the capacity of the carriages.

POISON SUSPECTED IN DEATH OF WIFE

Mattoon, Ill., Husband Held as Chemists Analyze Stomach.

Mattoon, Ill., Nov. 1.—Coroner George Cook of Charleston made arrangements with Coroner's Chemist William D. McNally of Chicago for an analysis of the organs of Mrs. Ida Waters, who died here several weeks ago under mysterious circumstances. It is believed she was poisoned. Joseph Waters, her husband, is now being held in the county jail pending a more complete investigation.

Mrs. Waters had recently returned home from a hospital. She was under the care of Dr. Wallace Freeman. The physician left some five grain bicarbonate of soda tablets which were to be given her. Waters dissolved a tablet in a teaspoon and gave it to her. A few moments later she was seized with convulsions and died.

Dr. Freeman testified at the coroner's inquest that the tablets he had prescribed were harmless. Before she died Mrs. Waters told how her husband had dissolved the tablets in water before giving them to her, although Dr. Freeman said he left no such instructions.

Testimony was given regarding Waters' alleged friendship for a young married woman. He was seen in the company of this woman the day after his wife's funeral.

Campaign to Enlarge Arsenal.

Rock Island, Ill., Nov. 1.—The local Rotary club, at a meeting, passed a resolution favoring the enlargement of the Rock Island arsenal. The club also appointed a committee to write to all Rotary clubs in the United States and to have them take action favoring the improvement and enlargement of the arsenal.

Foot Plague in Five New Places.

Macomb, Ill., Nov. 1.—Foot and mouth disease has been discovered in five new places in McDonough county, according to reports received here. On the farm of Samuel Dougherty, near Bardolph, 108 head of cattle and nearly 500 head of hogs will be slaughtered.

Raise Industrial Club Fund.

Danville, Ill., Nov. 1.—Plans to raise \$10,000 for the industrial club of Danville are being made, in order that work laid out for the coming year can be accomplished. The campaign for this sum will be made between November 15 and November 22.

Waterman Hall Head Resigns.

Sycamore, Ill., Nov. 1.—Miss Mary Teasdale, who for twenty-four years has been principal of Waterman Hall, the Chicago diocesan school for girls, tendered her resignation because of ill health. The position has not been filled.

IOWAN KILLED BY LUNATIC

Paranoiac, Thought Harmless, Beats Helpless Patient to Death.

Chicago, Nov. 1.—Another "harmless lunatic" killed a man in Chicago. John Stockdale, seventy-two years old, a retired farmer of Lake Park, Ia., was lying in his bed in a ward of the Garfield Park sanitarium at 3313 Washington boulevard when Oliver Bennett, a paranoiac patient from Beloit, Wis., entered from the room across the hall.

Bennett eyed Stockdale for a moment and then, with an inarticulate cry, seized a chair and advanced toward the bed. Stockdale turned to him in alarm, but before he could move from bed Bennett dealt him a crushing blow over the head with the chair. Stockdale's nose was broken, his left eye knocked out of its socket, and his skull fractured. He died within an hour.

GERMAN METAL RUNNING LOW

Government Urges Postage Stamps Used in Place of Metal Coins.

London, Nov. 1.—The Daily Mail correspondent at The Hague telegraphs:

"With the obvious purpose of conserving metal coins, the German authorities have ordered that postage stamps be used as far as possible for small change. Shopkeepers are providing themselves with large supplies of stamps to offer to their customers instead of coins."

VILLA WOULD FIGHT U. S.

Bandit Has Just Learned of Carranza Troops' Route.

El Paso, Texas, Nov. 1.—General Villa learned for the first time that the United States had allowed Carranza soldiers to pass through American territory.

He declared he would fight the United States and Carranza too, if necessary.

Mystery in Campus Murder.

Springfield, Ill., Nov. 1.—Mystery surrounds the killing of Mert Killen, whose body, with a bullet hole through the heart, was found on the campus of Concordia college. Robbery is the supposed motive for the murder.

Changes in Bank Announced.

Wausau, Wis., Nov. 1.—Harry Berger was elected cashier of the Marathon County bank to succeed E. C. Zimmerman, and B. F. Wilson has been named as vice president.

Blanche Walsh Is Dead.

Cleveland, Nov. 1.—Blanche Walsh, the actress, died Sunday night.

FOUR BUSINESS MEN DIE IN AUTO CRASH

Train Strikes Car Killing Marshfield, Wis., Leading Citizens.

Marshfield, Wis., Nov. 1.—An automobile trip in a new machine cost the lives of four of Marshfield's best known business men when the car was struck by a fast train at a depressed railroad crossing near Unity. The dead:

Peter Daul, aged forty-seven, proprietor Eagle hotel; Philip Adler, aged sixty-five, owner Adler Opera house and several business blocks, director in two banks; Robert H. Schroeder, aged forty-three, alderman and leader of reform movement in city politics for last two years; Charles A. Githens, aged forty-two, real estate man.

All except Daul were killed instantly. Daul lived ten minutes. The party was on its way to Dorchester. Near Unity the road crosses the Soo line in a cut, about ten feet deep, with brush concealing the track on each side.

A. C. Smucker of Morrison spent Sunday with Mr. and Mrs. A. N. Smucker of this city.

What is the Auto-Front?

THE AUTO-FRONT is the outcome—the final result—of twenty-five years of research and experiment for a single form of kitchen cabinet that would please the greatest possible number of housewives—that would more fully meet their requirements under the most exacting conditions.

The one, and only complaint to kitchen cabinets before the advent of the AUTO-FRONT, was made on account of the doors that swung out over the table top. With the table top covered with pots, pans and dishes the top of the cabinet could not be opened without moving everything—this gave cause for a logical complaint.

The McDougall Company remedied this complaint by perfecting the AUTO-FRONT. By merely releasing the catch—one operation—the AUTO-FRONT drops down completely out of the way.

Thus it is unnecessary to move a single article off the table top to open the entire front.

War Stranded Americans Who Won't Repay Uncle Sam.

## YELLED LOUDLY ABOUT DUTY

But When It Comes to Fulfilling Their Duty Toward Their Benevolent Government They Hunt Their Holes—More Names Coming—Only Those Who Can and Won't.

Washington, Nov. 1.—The treasury department made public a list of names of citizens of the United States who called upon the government for aid to get them home from Europe when they found themselves stranded because of the war. The list contains the names of those who accepted aid and up to now have not reimbursed the government.

Statement by Treasury. This is the statement issued by the treasury department:

"A number of persons who were caught in Europe at the time of the outbreak of the war in the summer of 1914 and to whom funds were advanced by the representatives of the United States government who were sent abroad or stationed abroad for that purpose have failed or refused to repay the money advanced them. It will be remembered that at that time a veritable panic overtook Americans who were in Europe and even though they had drafts or letters of credit they were unable to raise money on them.

\$2,750,000 Sent to Stranded Americans. "Representatives of the United States government in Europe were besieged by frantic Americans demanding that they be sent home and at once. Others clamored for money to provide themselves with food. The sacred duties of the American government to its citizens were appealed to. In this emergency congress acted. Two million, seven hundred and fifty thousand dollars was appropriated to relieve the necessities of American citizens abroad, with the provision that persons to whom relief was furnished should reimburse the United States if financially able to do so. Arrangements were made by cable by which our diplomatic and consular offices in Europe were provided with money to assist our citizens who came to them for relief. One million, five hundred thousand dollars in gold coin was loaded on the battleship Tennessee in New York harbor a few days after war was declared and sent to London, Paris, Berlin, Rome and other large cities of Europe, to be used in assisting our citizens. A large amount of money was advanced to persons asking relief and receipts or promises of repayment were taken from them.

Many Remain Unpaid. "A considerable number of these obligations have been paid, but many still remain unpaid. Although there is no duty on the part of the government to look up the signers of these notes and demand payment, yet in the case of every person whose name appears on this list efforts have been made to find him through the post office. In many cases the persons could not be found or letters mailed to them were not answered.

"The collection of amounts due from these delinquents will be pushed where the person is fully able to repay the amount advanced. Each case is investigated and where the person is found to be financially able to repay the government the amount advanced it is the intention of the treasury department to make his name public. This list will be followed from time to time by other lists when it becomes apparent to the department that the persons who promises are held are refusing to pay though able to do so."

## ARE YOUR KIDNEYS WELL

MANY DIXON PEOPLE KNOW IMPORTANCE OF HEALTHY KIDNEYS.

The kidneys filter the blood. They work day and night. Well kidneys remove impurities. Weak kidneys allow impurities to multiply.

No kidney ill should be neglected. There is possible danger in delay. If you have backache or urinary troubles,

If you are nervous, dizzy or worn out,

Begin treating your kidneys at once;

Use a proven kidney remedy. None endorsed like Doan's Kidney Pills.

Recommended by thousands. Proved by Dixon testimony.

W. Walford, blacksmith, Peoria avenue, Dixon, says: "I used to have quite a lot of trouble with my back and kidneys. The kidney secretions were irregular in passage. My back ached, too. I used several boxes of Doan's Kidney Pills and the pains left my back and my kidneys became regular in action."

(Statement given May 21st, 1912.) NO TROUBLE SINCE. On January 21st 1915, Mr. Walford said: "I have had no kidney trouble at all for the past few years and I give the credit of my cure to Doan's Kidney Pills."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walford had. Foster-Milburn Co., Props., Buffalo, N. Y.
